

The Good, The Better & The Best of Federal Government Contracting

The Good

If you are looking to increase your sales, particularly to the Federal Government, there are many ways a **GSA/Veterans Administration Schedule Contract** can help your company capture a share of the dramatic increase in Federal Government spending.

The Federal Government currently spends OVER \$50 BILLION DOLLARS A YEAR with companies that have a **5-year GSA/Veterans Schedule Contract**.

Recent changes to the Federal Acquisition Regulations also allow GSA Information Technology Schedule contractors and Law Enforcement/Security contractors to have access to State/County/City Government procurements through **Cooperative Purchasing**.

Since February 2007, all GSA Schedule Contract holders are now also eligible to provide **Disaster Recovery** assistance in the form of Products and Services to State/County/City governments.

Both of these GSA Schedule holder provisions can help you build your business at all levels of Government procurement!

The Better

The Value of GSA & VA Schedules - Top 8 Reasons

1. GSA Schedule Contracts are the **"easiest"** way for Federal Government Buyers to purchase your products and services.
2. GSA Schedules are virtually **Protest Proof**, ending those long legal contract award delays common in the Federal RFP marketplace.
3. GSA Schedules **greatly reduce Federal Government Procurement Time**: 7-14 days or less to place an order with a GSA Schedule vs. 150 days + with Federal RFPs.
4. GSA Schedules **greatly reduce Federal competition requirements**: Schedules are CICA compliant and only require 3 responsive competitors vs. the Federal "RFP Lottery" where it is not uncommon to have 50 bidders.

5. GSA Schedules have **no order limitations** and can provide Volume/Quantity Discount Incentives to Federal buyers to increase the size of orders placed.
6. The GSA Advantage ECommerce website provides **worldwide online access** for your specific GSA Contract to Federal Government buyers.
7. The GSA EBuy RFQ System is a very popular procurement tool for Federal buyers and is **available only** to GSA/Veterans Administration Schedule Contract holders.
8. GSA Schedule Contract holders enjoy exhibition opportunities and **access to Special Federal Marketing Events** that are available only to GSA Schedule holders.

The Best

1. **The Federal Government is the largest customer in the world, AND the only one who can print money.**
2. **The Federal Government pays in 30 days or less.**
3. **The Federal Government can improve your cash flow as a new customer.**
